Helping Nebraskans Gain Financial Freedom Through Education

WHAT IS PEP?

You become a *Personal Economics Program* (PEP) banker when you give any financial-related classroom or group presentation, bank tour, or financial education venture within your community—with or without using materials supplied through the Nebraska Bankers Association's PEP Library.

- The NBA encourages you to complete a *PEP Activity Report* each time you give a financial education presentation or event.
- The NBA tallies these reports and recognizes outstanding PEP banks and bankers each year at the NBA Annual Convention.

Visit the NBA Web site at www.nebankers.org/public/pssection/pep/PEP.html for more information about the NBA's Personal Economics Program (PEP) or contact Angela Nelson at the NBA at 402-474-1555 or angela.nelson@nebankers.org.
