\*NBA BankPAC contributions include: Silent Auction and Mulligan purchases. An institution listed on the honor roll may have contributed to one or all of the following: A state BankPAC contribution, a federal BankPAC contribution, a mulligan purchase, or a silent auction purchase. Silent Auction donations are in-kind donations. Institutions are recognized by the retail value of the item(s) donated.

NBA BankPAC must obtain written authorization to solicit for its federal PAC. Corporate contributions are prohibited to the federal PAC. All contributions are voluntary. No employee will be favored, disadvantaged, or retaliated against based on his or her contribution amount or his or her decision not to contribute. No form of coercion may be used to solicit contributions. A suggested contribution is just that, a suggestion. Funds donated to NBA Federal BankPAC support candidates for a Federal office who support the banking industry.

**The listing of national banks reflects contributions by only individual officers, employees, or directors of such banks.**
