Covered Services are reimbursed based on the allowable charge. Blue Cross and Blue Shield of Nebraska in-network providers have agreed to accept the benefit payment as payment in full, not including deductible, coinsurance and/or copayment amounts and any charges for non-covered services, which are the covered person's responsibility. That means that in-network providers, under the terms of their contract with Blue Cross and Blue Shield, can't bill for amounts over the contracted amount. In some situations, out-of-network providers can bill for amounts over the out-of-network allowance.

**In-Network Provider:** The provider network is shown on your I.D. card. For help in locating in-network providers, visit [NebraskaBlue.com](http://NebraskaBlue.com).

Payment for Services	In-Network Provider	Out-of-Network Provider
<b>Deductible</b> (the amount the covered person pays each calendar year for covered services before the coinsurance is payable) <ul style="list-style-type: none"> <li>Individual</li> <li>Family (Embedded*)</li> </ul>	\$4,000 \$8,000	\$8,000 \$16,000
<b>Coinsurance</b> (the percentage amount the covered person must pay for most covered services after the deductible has been met) <ul style="list-style-type: none"> <li>Covered person pays</li> </ul>	25%	50%
<b>Out-of-Pocket Limit</b> (does not include premium, penalty and amounts not covered by the plan) <ul style="list-style-type: none"> <li>Individual</li> <li>Family</li> </ul>	\$6,000 \$12,000	\$12,000 \$24,000

Once the annual out-of-pocket limit is reached, most covered services are payable by the plan at 100% for the rest of the calendar year.

In-network and out-of-network deductible and out-of-pocket limits cross accumulate. All other limits (days, visits, sessions, dollar amounts, etc.) do cross accumulate between in-network and out-of-network, unless noted differently.

Day, session or visit limits for certain services shown on this summary are not applicable to mental illness and/or substance dependence and abuse.

**\*Embedded** – If you have single coverage, you only need to satisfy the individual deductible and out-of-pocket limit amounts. If you have family coverage, no one family member contributes more than the individual amount. Family members may combine their covered expenses to satisfy the required family deductible and out-of-pocket amounts.

**Copayment(s) [copay(s)] apply to:**

- Prescription drugs

The copay amount varies by the type of covered service. Refer to the appropriate category for benefit information.

**Out-of-Pocket Limit includes:**

- Deductible
- Coinsurance
- Prescription drug copays
