

Bank Robbery Height Markers Order Form

The NBA is offering height marker stickers. Height markers can be placed in various locations including walls, doorways, and vaults to aid employees, security personnel, and police in the event of a robbery.

When mounting the sticker, place the bottom of the sticker 66" above the ground on a door frame or somewhere close to the entry. Even if a security camera is not openly visible near the door, height marker strips can help discourage a theft.

The Robbery Height Markers Specifications:

- Are white vinyl with tri-colors, easy-to-apply, adhesive-backed stickers.
- Measure approximately 12" high x 1.75" wide.
- Range in height identification from 5'5" to 6'5".

Stickers are 75 cents each plus \$5 flat rate shipping and 7 percent sales tax. Please plan on paying with a credit card. If that is un-doable, the NBA will send an invoice.
