

## **NEBRASKA BANKERS PRESENT CHECK TO FREMONT AREA HABITAT FOR HUMANITY**

**FREMONT, NEB.** – August 18, 2020 – Fremont Area Habitat for Humanity received a \$10,000 check today from the Bank On Nebraska Strong fund. Matthew Mueller of First National Bank of Omaha in Fremont presented the check to Joy McKay, executive director of Fremont Area Habitat for Humanity.

The Bank On Nebraska Strong fund was established by the Nebraska Bankers Association in coordination with the Nebraska Community Foundation to assist with disaster recovery and rebuilding efforts from the March 2019 flooding. Grants were awarded last summer to seven projects across Nebraska. Fremont Area Habitat for Humanity used the grant to purchase materials to repair homes damaged by the flooding.

“The goal of the fund was to help organizations like the Fremont Area Habitat for Humanity with long-term recovery efforts,” said NBA President and CEO Richard Baier. “The NBA is pleased to see the tangible results provided through the Bank On Nebraska Strong fund.”

Contributions to the fund were made by banks, bankers, organizations and individuals from across Nebraska and around the country.
