

## Nebraska Bankers Association Scholarship Program With the University of Nebraska Foundation

Since 1995, the NBA has awarded nearly 1,000 scholarships to students at the University of Nebraska campuses at Lincoln, Omaha, and Kearney. The donations for these scholarships, along with funding for various University of Nebraska internship programs, professorships, and University of Nebraska Medical Center (UNMC) equipment purchases, are provided each year through the NBA's University Foundation Allocation Committee (UFAC). To date, the UFAC has allocated more than \$4.8 million in scholarships, professorships, and equipment.

During the 1970s, the NBA conducted a fund drive to establish the Nebraska Bankers fund within the University of Nebraska Foundation. The campaign raised approximately \$1 million, forming the foundation's largest single-industry fund. This fund is part of an ongoing effort by the Nebraska banking industry to retain and attract the best and brightest students to our state and to the University of Nebraska campuses.
